

Christian Egelund Hansen

 github.com/Egelund48  christianegelundhansen@hotmail.com  20533242

Summary

Passionate Computer science student at Syddansk Universitet with experience in object-oriented programming, web development, and system deployment. Skilled in Java, C, Python, Haskell, PostgreSQL and React, with experience building and deploying full-stack projects on Linux-based servers.

Technical Skills

Programming Languages: C, Java, Python, Haskell, PostgreSQL

Frontend Development: React, TypeScript, HTML, CSS, Javascript

Tools & Technologies: Git, Linux, Docker, Cloudflare

Projects

Football Rating System using ELO Algorithm

GitHub 

Java Object-Oriented Programming Project

- Implemented an ELO-based ranking system to evaluate Premier League teams.
- Designed modular classes for teams, matches, and rating calculations using object-oriented principles.
- Simulated league matches and automatically updated ratings after each game.

Personal Website:

christianegelundhansen.com 

React portfolio website

- Designed and developed a personal portfolio website to present projects and technical skills.
- Built the frontend using React, HTML, and CSS.
- Deployed and self-hosted the website on my own server.

Education

Syddansk Universitet

2024 – present

Bachelor's in Computer Science

High School

2020 – 2024

STX, Sct Knuds Gymnasium

Work Experience

McDonald's worker

2019 – 2022

McDonalds Svendborgvej, 5260, Odense S.

Worker in Quickfood Bilka

2018 – 2019

Niels Borhs allé, 5250, Odense SØ
